By Alex Gaytan, president

Delta Sigma Pi congratulates John Doe and Sally Jane as the first Diversity Chair and Mental Health Chair in the Gamma Eta Chapter. The whole chapter wishes the two the best of luck in their new roles.

Alex Gaytan, president of DSP, created the two roles in the Gamma Eta Chapter to bring development to each brother in the chapter.

“Having a diversity and inclusion chair is always highly recommended and recognized in any business, so I thought that was a really good opportunity to bring awareness as well as the mental health chair,” said Gaytan.

Gaytan opened up these positions to bring more events and awareness to the fraternity and help the individual growth of every brother.

To be considered for the position, the brothers had to answer surveys. These surveys were reviewed by the president, Gaytan, and the position was decided based on how they answered. Gaytan chose to do this because having a vote brings a lot of stress to applying for a position, and he wanted to take away the stress a vote would bring.

“I care more about your responses and ideas and possibilities that you bring to the chapter as a whole. At the end of the day, everyone has ideas and everyone has a voice that needs to be heard. So I really put it up to you to sell yourself on how badly you want this position and what you can bring to the chapter,” said Gaytan.
